RECEIVER FOR TRACTION CO.

Financial Matters of I. & C. are to be Adjusted.

Charles L. Henry Appointed Receiver—Will Not Interfere With Extension.

A receiver has been appointed for the Indianapolis & Cincinnati Traction Co., which has its headquarters in this city. Announcement of this fact was made today. The purpose is to readjust financial matters among the stockholders and bond holders, and the receivership will not interfere with the completion of the extension to Connorsville and Greensburg. Mr. Chas. L. Henry, president of the company, has been appointed receiver, and he will adjust all differences as satisfactorily and as quickly as possible.

THOUGHT THEY HAD A MURDER

People in West End Arroused By Story of Baby in the Creek.

People in the "West End" were considerably wrought up yesterday over a story of the discovery of the body of an infant in Flatrock creek near the city dump grounds. A large number of people living in that locality were out hunting for the supposed body. Coroner Coleman's attention was called to the matter and he at once began an investigation which developed the fact that the story of the supposed finding was started by the little seven year old son of Mr. and Mrs. Tobe Owens, who had been "strung" by some older boys who were trying to fool him. One of the boys told the little fellow that he had found the body of a baby in the water among some sacks and rags and had pushed it with his foot and that it had floated away.

SOME DON'T'S FOR THE FOURTH OF JULY

Don't pick up a cannon cracker to find out what is the matter with the fuse.
Don't take your wife and baby buggy riding behind a nervous horse.
Don't try to dissuade the boys from setting them off in bunches. They'll go quicker that way.
Don't assault the fool who shoots his revolver in the air. He may have another load left.
Don't go on an excursion if you have a happy home.
Don't put a cannon cracker under your grandmother's chair. She may have money to leave.
Don't forget the fire department's telephone number.
Don't forget, if you have no children, that the people who have them are a good deal more anxious than you are to have it all over and done with.

TOM WORTHINGTON LOSES HIS MIND

Well Known Police Character About Town Taken to Poor Farm Today

As the result of alcoholism, Thomas Worthington, a well known police character about town, and a man who has perhaps been in jail more times than any other one man in town, has lost his reason and has been committed to the county infirmary, where it is hoped that with proper diet and treatment he may recover. Worthington was taken to the poor farm by Policeman Pea this afternoon. For several days his peculiar actions have been the talk of those in the business district of the city and it was finally decided by the city authorities that he should be cared for.

SALOON MAN ON TRIAL TODAY

J. C. Larkin is Charged With Keeping Gambling Devices.

The first of the cases, resulting from the recent raids of the police, to come to trial, was heard in Mayor Hall's court today. Mayor Hall held his court in the court house assembly room. The case was that charging J. C. Larkin, proprietor of the old Geraghty saloon on First street, with maintaining gambling devices. A crap table, poker table and a box of chips taken from the Larkin saloon by the police were brought into the room and introduced as evidence.

All of the forenoon was taken up in the selection of a jury. At 2 o'clock this afternoon the following jury was secured: Orris Wellman, M. V. Spivey, Charles Markle, Floyd Hogsett, R. P. Havens, Harvey Cowing, Jesse Harlow, J. M. Stires, Alva Newhouse, Guy McCoy, John Morgan, and Lincoln Guffin.

Among the witnesses were Policemen Price and Pea, deputy policemen, Ray Lakin and Price, Gash Ross and others, who told of the raid, and of having seen gambling apparatus in the saloon. The case is still on trial as we go to press. John F. Joyce is the attorney for the defendant.

PHILIP OSTER'S NARROW ESCAPE

Is Hurled Against a Tree in a Runaway Accident.

Philip Oster, a well known farmer, living west of town, had a narrow escape from perhaps instant death about five o'clock last evening at the corner of Ninth and Sexton streets.

Mr. Oster was driving north on Sexton street, when the buggy, by reason of the fact that there were no hold-back straps on the shafts, ran forward on the horse. The animal became frightened and turning the corner suddenly hurled Mr. Oster head first against a tree, upsetting the buggy and spilling a crate of raspberries that the buggy contained.

Mr. Oster was badly stunned by the fall and remained in a semi-conscious condition for ten or fifteen minutes. Residents in the locality hurried to his assistance. He sustained a bad gash in the head. After he had recovered Mr. Oster was taken to his home.

The horse tore the top from the buggy and ran west on Ninth street and south on Oliver. It was finally caught before doing any further damage.

The Cry of Graft Has Gone Up in Lawrence County

Charges That County Contracts Have Been Tainted With Fraud Will Be Looked Into.

Bedford, Ind., July 3.—The books and records of Lawrence county will be examined by experts. This has been decided on by the board of commissioners, every member of which is a Republican. The move is not made by the county board on the belief that any irregularity exists in the records, but to silence the graft cry raised against the Republican officials of the county. It has been charged time and again by the Democratic county press that contracts for the building of bridges, pike roads and other county improvements were tainted with fraud and graft that would not bear an investigation.

These charges became so frequent and bitter that the county commissioners finally decided to have the records overhauled and the reports of the experts published in both Democratic and Republican newspapers. The reports are to be certified to by the county auditor, Walter G. Owens, a Democrat.

When Mr. Owens was called before the board recently he said he did not believe an investigation would disclose any wrongdoing, but the board finally decided it would be better to settle the matter definitely by ordering an investigation.

YOUNG MAN IS INSTANTLY KILLED

Ed. Zoble, Well Known Here, Struck by Lightning Near Prescott This Afternoon.

Just as we go to press word is received that Ed. Zoble, a young farmer, of near Prescott, well known here, was struck by lightning at 3 o'clock this afternoon, and instantly killed. Young Zoble has often visited in this city and for some time had been keeping company with Miss Pearl Kelley, daughter of Mr. and Mrs. John Kelley, Sr., of West First street. Particulars as to the death could not be learned. Miss Kelley and Mr. Zoble were to have been married soon.

BOY IS BADLY MANGLED BY TRAIN

Frank Kressler, aged 15 years, was horribly mangled by a constricting train on the Big Four, near Prescott, at 9:45 o'clock last evening. Young Kressler was breaking with one of the night crews, and while applying the brake to a flat car on a grade his feet slipped and the boy fell between the cars. Several cars passed over his body, cutting off both legs and breaking both arms and five ribs. He can not live.

SAID TO HAVE COME THIS WAY

The Shelbyville Republican of Monday says: "Charles Wolf, formerly employed at the Conroy-Foster furniture factory, later an attache of the Lee Greater Stock company, which left town more than a week ago, was found completely 'doped' yesterday afternoon on East Jackson street by Policemen Marsh and Jackson. He was unable to walk and was hauled to the county jail in a junk wagon hired for the purpose. The young man was turned loose this morning and told to 'skidoo' for good. He left in the direction of Rushville."

NO PAPER ON THE FOURTH.

THE Daily Republican will not be issued tomorrow (on the Fourth) in order to give the employees—fourteen in number, besides the carrier boys—an opportunity to enjoy the National Holiday.

WORKMAN WAS SERIOUSLY HURT

Curt Crumes Fell From the Scaffold at New Milroy Mills Monday Morning.

Regarding the Milroy accident, which was mentioned in yesterday's Republican, the Greensburg Review, of Monday, says: "Curt Crumes, a Greensburg boy, who has been working with W. H. Isgrigg & Son, engaged in the erection of a large building at Milroy, fell while at work this morning and was seriously hurt."

"The scaffold on which he was walking at the time was about fifteen feet from the ground, and stepping on some mortar which had fallen on the board he slipped and plunged to the ground. In the fall he struck a joist, terribly bruising his left side and ribs, while his right leg was injured when he struck the ground. He was unable to arise and was taken by the workmen to a physician who attended him so that he could be brought home on the train which arrives here shortly before 9 o'clock. Dr. Riley attended him here, and stated that while the injury is serious it is not dangerous."

IS TRYING THE OPEN AIR TREATMENT

John E. Holt is Living in a Tent in Oklahoma.

John E. Holt, son of Mr. and Mrs. Drury Holt, of Carthage, contracted a "summer cold" at Washington, D. C. about ten months ago, and this has developed into laryngitis or pulmonary trouble. He is now at Arapaho, Okla., living in a tent and trying the open air treatment, but his parents who went out there a short time ago, found him in a very weak condition. He tried New Mexico, but grew worse there. Since living in a tent in Oklahoma, his condition shows a slight improvement. The following clipping from the Arapaho Bee will give additional information:

"Mr. and Mrs. Drury Holt are living in the west end of town. John has a tent in the front yard in which he is seeking to regain his health."

"Out on the commons in the west end of town stands a new white tent fixed up with all the military precision that attracts everybody's attention. In it lives John Holt, the man who controlled Custer county politics for years, and at one time made his influence felt on many of the doings at Guthrie. John had one of the best minds in the territory, and was aggressive in the palmy days of Gov. O. M. Barnes and did politics on the wholesale plan. Nothing was too big for him to tackle or too little to escape his notice. When his idol went out of the governor's office, John secured a position in the general land office at Washington. About a year ago, while cruising on the Chesapeake bay, he caught cold from which he has not recovered, and he has returned to Arapaho to be with his parents and to camp near his father's farm in a tent to try and regain his health."

FOURTH WILL BE QUIET ONE

Many Picnic Parties Being Planned—Stores Will Nearly all Close.

Small Boy Will Have City and Police to Himself—Every One to Have Holiday

Rushville will certainly be depopulated tomorrow. Every one who can possibly do so intends to leave the city on "the Fourth." One can fire a shot from a cannon through Main street almost at any time tomorrow without fear of hitting anyone.

There is to be no celebration of any kind, except that of the small boy who will be unfortunate enough to be left behind. And his "good time" will be restricted to the small fire cracker variety.

The principal manner in which the day is to be observed by Rushville people is that of picnicing. Picnicing parties will leave the city in all directions.

A party composed of Misses Leah Carmichael, Ethel Amos, Helen Campbell, Grace Frazee, Nelle Kennedy, Estelle Jones, Henrietta Coleman, Pearl Kitchen, Edith Hiner and Minnie Beher, and Messrs. Bert Simpson, Vincent Young, Walter Havens, Ferd Retherford, Wilbur Stiers, Roy Abercrombie, Jack Shideler, Dr. Will Coleman, Will Amos and Mr. Harmon, of Elwood, will picnic in the woods west of Gowdy.

The Friday Afternoon club will picnic on the banks of Blue River, near Morristown. The McColgin-Tompkins Bowling club will spend the day in the woods near the residence of A. P. Walker, northeast of town. The Havens-Hackleman Bowling club will picnic in the Ochiltree woods, north west of town and the Happy-go-Lucky and Megee-Frazee Bowling clubs will join in a picnic in the grove on the farm of Austin Frayee, near Orange. A number of young people will picnic at Derbyshire Falls, near Laurel, and another will picnic near Big Williams creek.

In the city nearly every business house will be closed all day. The county and city offices will be closed and the newspapers will issue no regular editions. The barber shops will be closed all day. The postoffice will not open. The restaurants and bakeries will close at 9 a. m. The bakeries will receive no orders after that time. No deliveries will be made during the day.

Nearly everyone in the city will enjoy a holiday. There will be an exodus of people to Indianapolis where the day will be spent at the parks. A number of Rushville people will also attend the celebrations to be given at Laurel and Knightstown.

RUSHVILLE BOY WRITES A SONG

"Bessie Reeve" by Ambrose Newhouse Placed on Sale.

Ambrose Newhouse, son of Marshall Newhouse, superintendent of the county infirmary, has written a sentimental song entitled "Bessie Reeve," that has just been put on sale by the George Jabreg Music company, of Cincinnati, O. The piece is on sale in this city and is said to be making a hit.

Few of Mr. Newhouse's friends have been aware of his talent in song writing and his success comes as an agreeable surprise. Ambrose well deserves success.

—Mr. and Mrs. Earl Banta, of Chicago, will arrive here the latter part of the week for a visit with home folks.

"JIM" WORTH DOES ANOTHER STUNT

Joplin, Mo., Millionaire Working For \$1.75 a Day as a Shoveler.

A dispatch from Joplin, Mo., to yesterday's Indianapolis News says of James Worth, the Joplin millionaire, who visits this city regularly, is well known here, and who owns a large fruit farm near Andersonville: "Following a strike of shovelers, who were excavating for a new \$500,000 hotel, 'Millionaire Jimmie' Worth, who owns a three-story building directly across the street from the new hotel, and who owns other valuable property, in this city, has been working as a shoveler for \$1.75 a day."

COMMISSIONERS HAVE ADJOURNED

The July Session Was a Short But Busy One.

The county commissioners adjourned today after a busy two days' session. While in session the board granted a liquor license to Anthony Canley, who will operate the old Denny Ryan saloon.

The board awarded the contract for furnishing groceries for the county infirmary for the next quarter to the Rush County Grocery company; the coal to William Dagler; the meats to the Weeks' Fresh Meat and Provision company; the dry goods to Maunzy & Denning and the men's clothing to Bliss & Cowing.

J. S. Beale was awarded the contract for repairing the tunnel from the court house heating plant to the court house.

The report of O. W. Herkless, ex-county surveyor, regarding the Eddie G. Thompson drain was accepted and approved.

County Treasurer Blackledge reported the following balances in the various funds July 1st: County revenue, \$19,287.54; principal, court house bonds, \$7,889.89; interest on court house bonds, \$6517.28; free gravel repair fund, \$12,390.55. Total balance, \$46,085.26.

Plans drawn by A. L. Stewart for the new bridge over Goose Creek in Ripley township at the point known as the Julian Overman bridge, and for the new bridge between the Rushville city corporation line and the wooden bridge over Flatrock, south of Rushville, were approved and accepted. The board will open bids for the construction of these bridges at 2 p. m. Tuesday, August 17th.

The report of the drainage commissioners regarding the Hilligoss-Hungerford ditch controversy in Orange township, was received and the contract for repairing the Winslip bridge south of town was let to Marshall Buell for \$504.45. A large number of claims were allowed.

DEATHS

Mrs. Josephine Ritter, wife of James Ritter, died at her residence in Walker township, at 7 a. m., Sunday, July 1st, of pulmonary tuberculosis, aged forty-five years. She leaves a husband, two sons and two daughters. She was a member of the Methodist church of Arlington. Funeral services were held at her late residence Monday, July 2d, at 1 p. m., Rev. Proctor officiating. Interment at the Arlington cemetery.

T. A. Fritter, who has been in poor health for some time at his home on North Morgan street, is improving.

Mrs. Charles Boys, who has been in very poor health for some time, is now able to be out for a short time each day.

The Sexton-Sparks Bowling club will picnic tomorrow in the woods on the Alvan Moor farm, north of town.

MAYOR MAY VETO AGAIN

He Opposed Increase in Price's Salary—Council Meets Tonight.

Tonight's regular meeting of the city council, does not promise to be a very busy one, as there is, thus far, little business of importance to come before the body.

The Tenth street improvement question will again come up for consideration, City Attorney Young having been instructed at the last meeting to draw resolutions providing for both brick and macadam. These resolutions will be introduced tonight.

It is understood that the mayor will veto the provision which increases Policeman Price's salary, and that he will so notify council tonight.

A resolution will be introduced tonight providing for the new gutters on Sexton street, and the reports of the various city officers for the month of June will be heard.

MORE LITIGATION FOR EQUITABLE

Receiver Moor Files Two More Foreclosure Suits in the Circuit Court

Another chapter to the failure of the old Equitable Building Loan Fund and Savings Association, was added in court today, when Receiver Alvan Moor, filed two suits for foreclosure of mortgages against Mary A. and William Bainbridge and Mary Webb. The amount demanded of the defendants Bainbridge is \$300, and the amount demanded of the defendant Mary Webb is \$225. The cases will probably come up at the September term of court.

RUSHVILLE, IND., JULY 3, 1906.

The tax assessors at Lincoln, Neb., have marked up Colonel Bryan's property to \$153,000. How can the plain people ever vote for such a plutocrat?

While considerable progress has been made in the Thaw case, in New York, it is safe to say that the prosecution will not be unduly hurried. A dozen lawyers are interested in the case and the Thaws have enough to grease the wheels of justice for some time.

It seems to be conceded that Bryan will be the next Democratic candidate for President. The last time he ran the only northern States he carried were Colorado, Idaho, Montana and Nevada, having a total of thirteen electoral votes.

No political organization in this or any other nation ever accomplished so much of permanent good as the Republican party has accomplished for the good of the American people and for humanity. Today, stronger than ever, with its past inspiring it to still greater endeavor, the Republican party is solving the problems of the hour with the same wisdom and courage that has always led it to victory.—From the Republican State Platform.

Too much politics is the reason assigned for the failure of Muncie's municipal street lighting. For twenty years Muncie has done its own street lighting, but is now forced to the conclusion that municipal ownership of one public utility in Muncie at least is a failure. The city has definitely decided to abandon its plant, and enter into contract with a private company to furnish light. Muncie still owes \$20,000 which twenty years ago she agreed to pay for the city plant. Municipal ownership of public utilities in this country is not a success. It is a Socialistic dream that sounds well in theory, but cannot be carried out successfully in practice. It is not a government's rightful sphere to engage in private mercantile or manufacturing enterprises on how.

An unusual scarcity of farm help is reported from all over the country and this shortage at the time of wheat harvest causes great loss. The question is asked, what becomes of the more than a million foreigners a year who have been coming into this country in recent years. Notwithstanding this arrival of a vast army of laborers, there is no relief at least to the extent of saving the crops, which are the basis of public well-being and prosperity. Something seems to be out of joint in farm labor when an emergency of this sort recurs year after year. The causes should be carefully sought out. Farm labor is a vital matter, and as it is one of the most healthful of pursuits, the question of why it is avoided is urgent.

MARION COUNTY POLITICS

Gossip Regarding the Recent Legislative Convention at Indianapolis.
Indianapolis, July 3.—The result of the Marion county legislative convention is being hailed by some politicians as a Beveridge victory and a defeat for the Fairbanks-Hemenway crowd in local politics. It is true in the sense that Linton Cox, the successful candidate, had the backing of Senator Beveridge's lieutenants and also that Wm. Bosson, who was defeated, has posed as the original Hemenway man here. It was not a Hemenway defeat, however, as the big guns of the Hemenway-Fairbanks machine were not very active in Bosson's behalf. In fact, it is said that he became a candidate without being urged by them and somewhat against their judgment. "Big Chief" Keating, who was counted on to manage Bosson's campaign, was in Washington most of the time while the fight was hottest. He was not here for the primaries or the convention. The defeat of Bosson was due to Captain Harry New's efforts more than to anything else, as he had a grievance with him dating back two years, when Bosson headed the Indianapolis delegation that turned New down and voted for Hemenway for senator. It is said that New made up his mind then that Bosson should never have another office in Marion county and so far he has kept his word, as since then Bosson has been defeated for district chairman and state senator. Cox, the nominee, is very friendly to Senator Hemenway and will vote for his re-election.

The Democrats may be later than usual in completing their congressional nominations this year. In some of the districts they do not seem to have recovered from the landslide, and it may be difficult in certain instances to get men willing to accept places on the ticket. The First, Fourth, Fifth, Seventh, Ninth, Tenth and Thirteenth have not made their nominations. In three, at least, however, the work of the convention can be predicted with certainty, as the program has already been outlined. Major Gustavus G. Menzies of Mt. Vernon will be renominated in the First and many politicians, regardless of party, believe he will stand an excellent show of winning at the general election. The Fourth district will renominate Congressman Lincoln Dixon of North Vernon, who is now serving his first term. There will be no other candidates. The Fifth district nomination will be tendered unanimously to Claude Bowers, a young newspaper man at Terre Haute, who made the race two years ago. There are no candidates in this district. Congressman Overstreet always has been a strong candidate for the Republicans and was carried in by the landslide by a majority of nearly 15,000. None of the prominent Democrats who are congressional timber like the idea of going against such heavy odds. The name of William V. Rooser, an attorney, is mentioned, but he is not a candidate. It is said that Edgar A. Perkins, president of the State Federation of Labor, would be willing to accept the nomination.

The report of Secretary of State Sims for the three months ending June 30 indicate that the amount of new business in Indiana was greater than during the same period in 1905 or 1904. The total receipts were \$47,249.09, divided as follows: Domestic corporations, \$41,750.80; foreign corporations, \$1,370.59; motor vehicle registration, \$689.50; miscellaneous fees, \$1,516.95; sales of court reports, \$1,889.50; interest on deposits, \$32.25. The total is \$10,724.37 larger than it was during the same period last year and \$21,789.99 larger than during the same months in 1904.

The report of Collector Elam Neal for the Sixth (Indianapolis) internal revenue district for the year ending June 30, show that the receipts amount to \$3,720,130.42, an increase of about \$100,000 a month over the preceding year.

Letter Created Enthusiasm.
Tannersville, N. Y., July 3.—A letter from Dr. Max Nordau of Paris, containing a strong appeal for the support of the already established Jewish institutions in Palestine, aroused much enthusiasm at the session of the Federation of American Zionists here. The commission recommended the organization of commercial, industrial and agricultural syndicates for the exploiting of the resources of Palestine.

PER CAPITA COST

Of Government In This
Country Lower Than In
Europe.

A DETAILED STATEMENT

Mr. Tawney Sets Forth an Interesting
Array of Figures to Show Where
the Money Goes.

"None But the Unthinking or Mis-
guided Can Find Reason to
Criticise Appropriations."

Washington, July 3.—Representative Tawney, chairman of the house committee on appropriations, has prepared a detailed statement concerning the appropriations for the next fiscal year beginning July 1, 1906, made by congress during the session just closed, in which he claims that the per capita cost of government in the United States, including federal and state, is less than that in any European country.

Mr. Tawney enters upon an analysis to show the various channels into which the total appropriation of \$880,183,301 will be diverted. He begins by deducting \$139,456,415 provided for the sinking fund of the Panama canal, etc., showing that the real appropriation for the conduct of the government for the fiscal year is \$740,726,886. To meet this demand he estimates that the total revenues (customs, internal and postal) will be \$781,573,364.

The appropriations as made in the various supply bills are as follows: Agriculture, \$9,932,940; army, \$71,817,165; diplomatic and consular, \$3,091,094; District of Columbia, \$10,138,632; fortifications, \$5,053,993; Indians, \$9,260,400; legislative, etc., \$29,741,019; military academy, \$1,664,708; navy, \$102,071,650; pension, \$140,245,500; postoffice, \$191,695,999; sundry civil, \$98,274,574. Total, \$672,987,734.

Isthmian canal deficiency, \$11,000,000; urgent deficiency, 1906 and prior years, \$16,270,332; urgent deficiency, additional 1906 and prior years, \$274,925; deficiency, 1906 and prior years, \$11,573,989.

Total regular appropriations, \$740,106,981; permanent annual appropriations, \$140,076,320. Grand total regular and permanent annual appropriations, \$880,183,301. The aggregate appropriation is \$60,000,000 in excess of that for last year.

Of the various increases, that of \$3,050,250 is made on account of meat inspection; \$1,420,533 on account of the army; \$968,046 to carry the new consular law into effect; \$1,734,970 on account of the navy; \$1,995,400 on account of pensions; \$10,673,905 on account of the postoffice department, of which \$3,030,000 was for rural free delivery. Of the appropriations made about \$31,000,000 was unestimated for. Included in this list were the following: \$10,250,000 carried in the statehood act; \$1,000,000 for arming and equipping the militia; \$2,500,000 on account of the earthquake and fire at San Francisco; \$500,000 on account of the new quarantine law; \$10,231,000 on account of public buildings.

Mr. Tawney comments as follows on the volume of the appropriations: "While the expenditures of our government are constantly increasing and while the appropriations made therefor by congress are in the aggregate very large, yet when we take into consideration the marvelous growth of the country, the extent to which the people demand that the federal government shall perform services that should be paid by the states, none but the unthinking or misguided who do not stop to consider the care with which the estimates for appropriations for public service are scrutinized by the several committees having jurisdiction of appropriation bills, can find any reason to criticize appropriations made during this session of congress."

The Minority's Statement.

In a statement made for the Democratic minority, Representative Livingston makes a comparison of the expenditures provided for by this congress, \$880,183,301, with the expenditures of 1898, the first year of President McKinley's administration, when the figures were \$523,735,079, a difference of \$351,448,222. Commenting on this showing he says:

"This growth in appropriations sustains the contention that the Republican party stands for extravagance in public expenditures in order to urge that extravagance as a cloak for their more objectionable purpose of maintaining a high protective tariff to favor the trust combinations of manufacturers of the country."

"A reduction of expenditures, they well know, would compel a commensurate reduction in taxation, and to that extent a lowering of the Chinese wall of protection that now surrounds the great body of consumers, who constitute the larger portion of our population and compel tribute from them to the favored classes."

"Much of this extravagance grows out of the practice prevailing with the present administration of appointing commissions to do what congress ought to do and what congressmen are elected for and paid for, thus delegating the powers constitutionally belonging to congress to others who have no particular relations with or respon-

sibilities to the public and do not render an accounting to the taxpayers of this country."

To afford an idea of the magnitude of this year's appropriations, Mr. Livingston says: "Our corn crop of 1899, valued at \$928,132,388, could have been paid for with the total appropriations made at this session, and a few millions to spare."

TROUBLE BREWING

Blacks Said to Be Arming to Avenge
a Lynching.

Guthrie, Okla., July 3.—A special from Purcell, I. T., states that intense excitement prevails there over the report that the negroes of Womack have armed themselves with the intention of shooting down members of the mob that lynched and burned Will Davis, a member of their race, for assaulting the fourteen-year-old daughter of Ira Robertson, a farmer.

Heavily armed posses of business men and farmers have left Norman, Noble and Purcell for Womack. Three leaders of the mob of white men are declared to be marked for assassination, and further trouble of serious character is expected.

Judge Dickerson of Chickashaw has announced that he will empanel a special grand jury to investigate the lynching.

AN OFFICIAL DISCREPANCY

Records Show That Two Houses Ad-
journed on Different Days.

Washington, July 3.—Discrepancy in the official dates of the adjournment of the two houses of congress caused some discussion at the capitol as to whether this would affect legislation passed on the closing day. The journal of the house shows that that body adjourned on the 29th, while the senate journal shows that the upper branch adjourned on the 30th of June. This arose from the fact that when the house convened on the 30th it was still proceeding under the legislative day of the 29th as a result of having taken a recess on the night of the 29th. Mr. Courts, clerk of the house committee on appropriations, said that a similar case arose some years ago and that the comptroller of the treasury decided that the seeming difference in the dates of adjournment was a legislative fiction and not a fact.

Body Found in River.

Baltimore, July 3.—The body of Dr. George A. Thompson of Phoenix, Baltimore county, who has been missing since June 21, was found in the Gunpowder river near Warren. The skull was fractured and the left leg broken. Dr. Thompson, who was fifty-five years old and was formerly United States consul at Stettin. He also served in the United States army as surgeon.

Six Hundred Rebels Slain.

Durham, Natal, July 3.—The Natal revolt continues to be serious. A heavy engagement occurred Sunday outside Noodsberg, a small force of Natal volunteers being temporarily in a difficult position and disaster being averted only by the timely arrival of the main body of volunteers. The rebels were finally dispersed with a loss of 600 killed.

Gross Forgeries Alleged.

Paris, July 3.—At the resumption of the Dreyfus hearing Procurator Baudouin characterized the greater part of the evidence at the Rennes court-martial as a tissue of falsehoods for which the witnesses received payment. Emperor Williams' alleged letter incriminating Dreyfus was also denounced as a forgery.

Carthage

Rev. and Mrs. T. J. Scull are visiting relatives at Flatrock.

Eat street is becoming known as the street of churches. To the three already established is being added a fourth—the new Wesleyan Methodist edifice, in process of construction between 1st and 2d streets. The church will be a neat little frame structure, with vestibule and alcove for pulpit, the building to cost about \$1000. The foundation is of cement blocks. Rev. Eddy, who is pastor here and at Little Blue John Woods, of Arlington, Walter Northam, of Little Blue, and Mrs. Faull constitute the building committee.

Now is the time to try the keys on the money box at Mulno & Guffin.

WILL TAKE ITS COURSE

Thaw Trial Will Not Be Advanced on the Calendar.

New York, July 3.—That there is no prospect of a speedy trial for Harry Kendall Thaw is announced by District Attorney Jerome, who has returned to town for two days to devote his personal attention to the case. Owing to the fact that during the summer there are only two parts of the court of general sessions in session and that the trial would probably last two or three weeks, the district attorney decided not to advance the Thaw case on the calendar. Thaw will hardly be arraigned before October. The death Monday of Thaw's valet, Wm. Bedford, in the Presbyterian hospital from complications following an operation for appendicitis removed an important witness from the case.

Angry Husband's Awful Deed.

Lucedale, Miss., July 3.—In an attempt to exterminate his family, Charles Brewer last night shot and killed his wife, his mother-in-law, wounded his wife's grandmother and his infant child and then shot and killed himself. Brewer's wife left his home a few days ago, alleging that he was treating her badly. She went to her mother's home, where Brewer called last night and entreated her to return to him. He became angry when his wife refused to leave her mother's house, and drawing a revolver, he began shooting.

Building Boom Is On.

Washington, July 3.—Arrangements are being made by the treasury department to carry into effect the provisions of the omnibus public building law which was enacted just before final adjournment of congress. The measure provides for the acquisition of about 200 public building sites and the erection of approximately 250 new buildings in various parts of the country. The sites for between fifty and sixty of the buildings to be erected already are owned by the government.

New Trial Denied.

Portland, Ore., July 3.—Henry Meldrum, former United States surveyor general for Oregon, has been denied a new trial by United States District Judge Wolverton and cited to appear Thursday for sentence. Meldrum was convicted for having while in office forged affidavits for the purpose of defrauding the government of public lands. He was convicted on eighteen counts on Nov. 17, 1904.

SOLEMN AND SAD

Were the Proceedings In "Crown's Quest" on Salisbury Disaster.

A TEDIOUS FORMALITY

Which, to the Astonishment of Americans Failed to Give Any Thought to Cause of Awful Wreck.

Bodies of the Score of Victims Have Been Prepared For Return to This Country.

Salisbury, Eng., July 3.—The bodies of the score of Americans who lost their lives in the wreck of the Plymouth express Sunday morning have been prepared for their return for burial in the land they left so recently in the fullness of life and hope. The inquest was a prolonged and tedious formality, which utterly failed to give any idea of the cause of the accident. No questions on that point were asked and the subject seemed to be avoided—a strange proceeding to the many Americans present, but which is thought to be due to the queer formalism that seems characteristic of such cases in this country. The proceedings were solemn, sad and monotonous, so much so that spectators surprised a juror by asking what necessity there was to adjourn the inquest for a fortnight. No answer was given. The delay is believed to be due to the declared intention of the Board of Trade to institute an investigation.

It seems strange to Americans that while the population of Salisbury is shocked by the disaster, practically no emotion is displayed. It would seem as if such accidents were an everyday occurrence, and yet nothing even remotely approaching it has heretofore disturbed the peace of this city. There is genuine sorrow, no doubt, but beyond the formal expression it has not yet been translated into action.

CONSIDERATE NEIGHBORS

Oyster Bay Folks Do Not Break in on President's Rest.

Oyster Bay, N. Y., July 3.—President Roosevelt has had his first day's rest and complete relaxation from official cares since congress assembled last December. All work was barred at Sagamore Hill Monday. The routine of official business was conducted at the executive offices in Oyster Bay by Secretary Loeb without the aid of his chief and without even using the direct telephone between his desk and the library at the president's house. The president was not disturbed by callers, his Oyster Bay neighbors contenting themselves with the promise of a speech on the Fourth, when they will then extend their summer welcome.

The Mayor's Action Sustained.

Chicago, July 3.—John Campion, former head of the fire department of Chicago, who was removed from office several weeks ago by Mayor Dunne because of alleged discrimination in the letting of contracts, will not be reinstated in his old position, despite the fact that the committee appointed by the city council to investigate the charges found the former fire marshal not guilty. The report of this committee, which was submitted to the council last night, contained a request that Campion be reinstated, but when the report was submitted to the aldermen for a vote, Mayor Dunne's action was sustained by a vote of 40 to 22.

More Insurance Changes.

New York, July 3.—The resignation of George W. Perkins as trustee of the New York Life Insurance company was accepted at a special meeting of the board. Other trustees in addition to Mr. Perkins, who resigned and whose resignations were accepted, were J. A. Blair, H. Walters and Norman B. Ream. The following were named to succeed the four trustees, who resigned: A. H. Lurton of Nashville, Tenn.; A. A. Raven of New York city; George F. Beward of New York city, and James H. Eckholts of Chicago.

Settled by a Compromise.

St. Louis, July 3.—With the vote to accept the compromise taken by the Bridge and Structural Steel Workers' union the last of the labor differences which have kept building operations in a turmoil for the last three months came to an end. Under the compromise the men get an advance of 40 cents a day. They demanded an increase of 60 cents.

Poured the Liquor Into Gutters.

Canyon City, Col., July 3.—City officials, assisted by a number of church people made a raid on the Canyon City Labor club, where liquor selling is said to have been going on, arrested the proprietor after a hard fight and spilled the stock of liquor into the street.

Bank Shuts Up Shop.

Pittsburg, July 3.—The foreign bank of M. Kasomar & Co., at Homestead, Pa., failed to open its doors. The alleged disappearance of the cashier and a reported shortage of from \$7,000 to \$12,000 are given as the causes for the suspension.

See That Collar?

Well when you examine it you will know there is only one Laundry in this town that can put such an exquisite color and faultless finish on it, and so modestly announce that it is done at the Rushville Steam Laundry. How to launder a shirt, collar or cuff properly is an art that we understand, and which we always impress on our work.

Local sufferers from hay fever and kindred afflictions who are in the habit of spending a portion of each summer at Michigan resorts, have begun to plan for their outing. In previous years this city has sent one of the largest delegations to Michigan of any city in the State, but owing to the cooler weather that has prevailed during the past two summers, the number of resorters have decreased. Indications are that this season's crowd will approach the maximum.

William Gordon, president of the Ananias club, will go to the old Smith Carney farm, in Noble township tomorrow to investigate a story recently told by Mr. Carney during one of the meetings of the club. The story is to the effect that when Mr. Carney lived on the farm a pesky old sow repeatedly broke from one field into another. It seems that Mr. Carney was at a loss to know how the sow got through the fence. One day he said he found that the sow swam through the creek that traversed the fields, and dived under the head gate that hung from the fence. Mr. Gordon doubts the truth of that story and he proposes to investigate tomorrow. He says that if the creek and the headgate are there the story is probably true.

Do Your Clothes Look Yellow?

AMUSEMENTS

The Crescent Comedy company arrived here late yesterday afternoon from Dunkirk, and opened a week's engagement under canvas at the old Brann lot on West Third street. Owing to the late arrival of the company the performance last night was late in opening. A stirring melodrama, however, was staged very satisfactorily. A good sized crowd saw the performance. Tonight the company will present the play, "Wedded, But Not a Wife."

The Crescent Comedy company has appeared in Rushville several times and has gained favor each time. This year the company is stronger than ever. The Hawthorne sisters are with the company again this year. Their specialty work is one of the features.
